## ‘Home Instead Senior Care’ Ref MS 410

### Domiciliary Homecare Franchise

Neath-Port Talbot County Borough region

<b>Price</b> <b>Business: £35,000</b>
--

#### Business Opportunity:

This franchise opportunity has arisen due to the success of the Swansea Franchise. We are now looking for a franchisee to capitalise on the momentum this neighbouring territory has created.

Home Instead Franchisees operate a private home care service for people that are in need of assistance in their daily lives that enables them to carry on living at home. The assistance can be from just a few hours a day through to 24 hour care.

Client's needs are varied but can cover help with everyday tasks that they can no longer manage through to personal care and hygiene help.

This sort of help and care is not available on the National Health and usually the only other option is a Care Home. The services offered by Home Instead allow people to stay in their own home and receive professional daily help.

This business opportunity would suit either an entrepreneur who is looking to enter this rapidly expanding business sector or someone that has existing home care experience and would now like to establish a business on their own, with support and training that is second to none.

**Location:** The region offered is the Neath-Port Talbot County Borough with coastal towns and lower valley towns and villages offering a wide diversity of prospective clients

The Home Instead Senior Care family network of locally owned franchise offices was developed with a passionate desire to be a trusted source in helping families keep their aging mother, father, grandparents or friends in their home as they grow older.

**Home Instead Senior Care** offers superb business opportunities for people who want to make a real difference in their community. We are looking for individuals who are passionate about running a very successful business that provides the highest quality of services to older people.
